Level 1 Certificate in Coaching Paddlesport

Unit Specification and Course Content

Introduction

This document provides the detail of each unit of the Level 1 Certificate in Coaching Paddlesport, including the learning outcomes, assessment criteria, and course content. The Technical Syllabus outlines the technical skills that the award holder can coach.

This Unit Specification and Course Content should be read in conjunction with the other British Canoeing Level 1 documentation:

- Course Guide
- Candidate Assessment Pack
- Assessment Guidance
- Workbook
- Tutor and Assessor Notes

The British Canoeing Level 1 Certificate in Coaching Paddlesport will be the entry point for most coaches coming into the British Canoeing coaching scheme; it aims to introduce safe, ethical, and effective paddlesport coaching. The award is relevant to potential coaches from all paddlesport disciplines including coaches who may work with competitive and non-competitive paddlers. The award starts to develop the foundation coaching skills that will underpin coaching practice in the future. The training aims to ensure coaches develop skills that will benefit any paddler (predominantly those in their first year of paddling activity) irrespective of what type of boat they are paddling.

There are certification routes available for bank-, and boat-based coaches.
