

Personal Performance Awards – Frequently Asked Questions

A section of frequently asked questions is included here. The **‘Personal Performance Awards Provider Requirements’** offers further details for potential providers. This are available to download from the British Canoeing Awarding Body website, along with the award content.

The questions are split into general FAQs, Provider and Aspirant Provider FAQs and Candidate FAQs.

When did the awards go live?

From 2nd January 2019, paddlers and providers have been able to take part in these awards.

Does the Personal Performance Awards impact the qualification pathway?

The Personal Performance Awards are not linked to the Coaching and Leadership qualifications as prerequisites but the awards can be used as the recommended level to progress through qualifications and awards. See [Appendix 1](#) for further information.

Are the awards equivalent to the previous Star Awards?

The Personal Performance Awards are very different in terms of content and purpose. The awards have been designed for the paddler’s development and engagement in the sport. Providers will approach and facilitate the awards that reflect the ethos of supporting paddlers and empowering individuals. As the awards do not directly link to Coaching and Leadership qualifications, it is encouraged that formal assessments are not conducted and that a formative approach is used that develops an individual’s progress.

How are the awards linked to Adventure Activities Licensing Authority / Adventure Activities Licensing Service?

AALA/AALS have been informed of the awards and advised on how we recommend they could be used within the industry.

British Canoeing Awarding Body recognises that deployers (clubs and centres) will benefit from understanding the level of Personal Performance Award that is suitable for deploying the Paddlesport Instructors, in a different craft not stated on the candidate's Paddlesport Instructor certificate.

Craft	Award title
Canoe	Canoe Award
Kayak/Sit on top	White Water Award Touring Award Sea Kayak Award Surf Kayak Award
Stand up Paddleboard	SUP Sheltered Water Award

After the Personal Performance Award has been achieved, it is advised that the deployer checks their skill and competence; British Canoeing Awarding Body would anticipate Paddlesport Instructors could then be deployed in the alternative craft.

Candidate FAQs

What craft can I undertake the Personal Performance Awards in?

The Personal Performance Awards give you the option to progress in the craft you want to. The Paddle Awards can be taken in any craft as they are designed for someone new to paddling, giving the option to try out a range of craft.

For the Discipline Specific Awards, these vary on the craft you may use depending on the environment that the activity takes place in. The awards are designed for development and an individual is encouraged to make informed decisions on the craft, paddle and equipment they choose, appropriate for the discipline and environment.

Do I have to take the award in two craft?

No. Each award is craft specific; you will not need to paddle a variety of craft to gain any award.

Will undertaking the Personal Performance Awards update my CPD?

The Personal Performance Awards will be recognised as CPD and can be used in this way. Full details of CPD value are available from your Delivery Centre.

What are the prerequisites to the Personal Performance Awards?

There are no entry requirements for any of the awards. Providers should check paddlers' suitability, as well as having appropriate mechanisms for anyone under 18.

There is no set or stipulated time for any of the Personal Performance Awards, this is very much individual and we would see paddlers developing at their own pace with the support of an Instructor, Coach or Leader.
